

Guidelines for the Blood Transfusion Services

22.9: Labelling, packaging, transportation and release

<http://aws-lon-jpac.targetservers.uk/red-book/chapter-22-haemopoietic-progenitor-cells/22-9>

22.9: Labelling, packaging, transportation and release

The mandatory requirements for these are described in the HTA's Guide to Quality and Safety Assurance for Human Tissue and Cells for Patient Treatment.

The FACT-JACIE Standards and NetCord-FACT Standards will also apply as appropriate.

The requirement for an EU Single European Code (SEC) still applies in Northern Ireland.
